

NOTICE

Dear Members,

Please be informed that effective from 1 June 2026, two (2) courts will be made available for pickleball usage on Monday, Wednesday, and Friday mornings, while one (1) badminton court will remain available for badminton usage. This is due to the relatively low badminton court usage during these periods, while interest in pickleball activities has been increasing.

During the afternoon session, should there be two (2) badminton court open for bookings, staff will arrange to convert one court accordingly to accommodate the bookings.

This arrangement will be implemented on a one (1) month trial basis to monitor members' response and overall court utilization.

Thank you for your understanding.
